

Specialists in Corrugated Boxes of All Styles — Jamestown Container Companies

At Jamestown Container Companies, we specialize in making corrugated boxes in all styles, grades, and flutes. We can create boxes in virtually any quantity, printed or plain, custom designed, and deliver them as needed. We've been in business since 1956, and we always put our customers first and act as their partners, providing solutions to their packaging needs. Throughout our supply chain, including our manufacturing plants, we ensure you receive the highest quality corrugated packaging.

Exceptional Production Services and Capabilities

We specialize in short lead times and provide custom stocking programs built specifically around your company's needs. These services include but are not limited to the following:

- Corrugated packaging solutions
- Stock boxes and folding cartons
- Custom foam fabrication
- Foam and plastic packaging
- Retail POP packaging solutions
- Litho laminate containers
- Packaging supplies and equipment
- Third-party packaging and fulfillment
- ISTA design and test lab
- Custom replenishment solutions
- Total optimization packaging software
- Cost reduction specialists
- Sustainability experts

Markets

- Western, Central, and Upstate New York
- Northwest Pennsylvania
- Northeast Ohio
- Southern Ontario, Canada

Outstanding Design Lab

Our expert designers use the latest ArtiosCAD software to create high-performance packaging solutions. Using our computerized sample cutting tables, we can create or change precise prototypes in just a few hours.

Specialty Products

In addition to custom packaging, we also manufacture, assemble, and distribute specialty products such as foam to corrugated, build up pads, and wood to corrugated. Our box-on-pallet program delivers pre-assembled bulk containers on demand, meaning you receive them the exact day you need them ready to be packed and shipped.

Everywhere You Need Us

Jamestown, NY – Our corporate headquarters. This sheet plant manufactures corrugated containers and offers an ISTA test lab and fulfillment services.

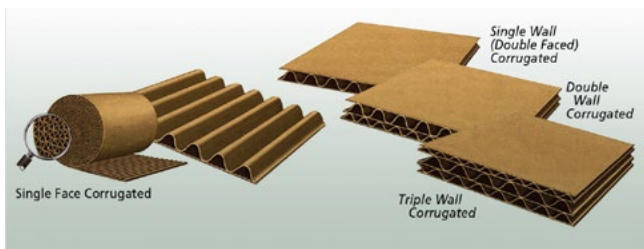

Buffalo, NY – Our Specialty Products Division. This facility offers packaging supplies, retail packaging, fulfillment, and third-party packaging services.

Rochester, NY – This sheet plant manufactures corrugated containers with specialized equipment: flexo folder gluers, rotary die cutters, and specialty gluers.

Lyons, NY – Home of Viva Foam Products. This facility offers custom foam fabrication and distribution.

Cleveland, OH – This sheet plant manufactures corrugated containers with specialized equipment: flexo folder gluers, rotary die cutters, and specialty gluers.

Franklinville, NY – Home of Cattaraugus Container. This division centers around corrugated stock boxes, custom packaging, and retail-ready displays.

How to Reach Us

Whether it's for basic supplies or a complex design challenge, regular boxes or comprehensive shipping solutions, we welcome the opportunity to work with you. Call us at **855-234-4054**.

Throughout our supply chain, including our manufacturing plants, we ensure you receive the highest quality corrugated packaging.

Our expert designers use the latest ArtiosCAD software to create high-performance solutions, and our computerized cutting tables for precise prototypes. Changes can usually be made within hours, and samples delivered in a day.
